Home Automation

Smart Home The new single-line home automation system from Home Automation Systems (HAS) allows homeowners to control their home's lighting, heating, air conditioning, and security systems from a single remote control. The system is easy to install and use, and it can be controlled from a mobile phone or a computer. For more information, visit www.has.com.

Turner Palm Publishing An operational 20th-century interactive home CD-ROM, *Build* provides a private communication link between a builder and subscribers. Once the build-up event is established from the CD-ROM, a subscriber can send multiple photographs to clients and receive messages with their clients. Click 100 on inquiry card.

CMware Enter project management 2002 while in the field with Master Builder version 7, an integrated, construction-specific software solution encompassing everyday forms, documents and business management requirements. *Build Edition* is designed for builders with annual revenue of \$1 million or less. *Network Edition* for larger firms with network requirements. Click 102 on inquiry card.

Click 2 French gives builders the ability to document purchases from over 100 different sites to be shown by hand. The company says After all, job-site information is entered into a spreadsheet computer and downloaded to a PC, reports can be printed, downloaded, or e-mailed. For more information, visit www.click2.com. Click 103 on inquiry card.

Click2Community Click2Builder enables home builders to generate Web sites. The look, feel and flow of a site can be designed to match a builder's image and way of doing business, the company says, without requiring technical resources on staff to operate the hardware and software. Modules include Home Page, About Us, Search, Peruse Plans, Communities & Homes, Available Now, and Tips & Tools. Click 104 on inquiry card.

BuildPlan Version 2002, the company's software suite lets you find, build, and track your home building projects. It includes a software program, a CD-ROM, and a user manual. Click 105 on inquiry card.
